*Firm has grown from one man shop to provide innovative service to property insurance carriers throughout the State of Florida*

**Tampa, FL, July, 2010** – [CatManDo, Inc.](http://www.catmandoinc.com), an independent property insurance adjusting company and Third Party Administrator (TPA) that services insurance carriers in the state of Florida announced the celebration of its 10 year anniversary. Founded in 2000 by President Chuck Ross, the firm has grown from a one man shop to over 50 employees and a broad network of highly trained and experienced field adjusters that includes 35 core and hundreds more independent adjusters that service insurance carrier adjusting needs throughout the State of Florida.

Known as “The Carriers Adjusting Company” CatManDo was founded with the express purpose of providing a higher quality of claims service than was currently available. It accomplishes this by utilizing the many years of national insurance carrier experience held by its senior management team and through the application of innovative claims practices and technology that provides carriers with sophisticated claims management tools and claims metrics that rival the in-house operations of large carriers. “My goal has always been to be more than just an adjusting company that does fieldwork, stated Chuck Ross, President of CatManDo. We consider ourselves an extension of our clients claim departments and as such, strive to deliver the balance of superior customer service for the policyholder and well managed indemnity” says Mr. Ross.

CatManDo currently acts as a Third Party Administrator for 4 insurance companies and also performs field adjusting services for 8-10 more. Complimentary services have expanded to the auditing of claims processes, file quality and indemnity control. The

firm recently held their 10<sup>th</sup> anniversary celebration for its employees, clients, strategic partners and friends at the Corona Beach Bar at a Tampa Bay Rays game. “It’s important to celebrate our success with the many talented people who have helped us reach our goals and I look forward to the challenges and rewards of the next 10 years,” stated Mr. Ross.
